Dorothy,

Please find attached the only comment we received concerning the EER Demonstration.

We also listed the information for the EER Demonstration in our daily AQI email. Attached is one of those AQI emails with the notification information.

Subject: FW: May 7 2014 Exceptional Event Demonstration

Dan,

Please see Dorothy's request below. Sorry this is late getting to you, thought Dorothy had sent it to you and just cc'ed me.

Thanks,

Dwayne

Subject: May 7 2014 Exceptional Event Demonstration

The subject demonstration cover letter is dated 9/15/16. I visited the city's website where the demonstration document was made available to the public.

If any input was received from the public notice period for this demonstration, can I get a copy of the input?

Also, please provide a copy of other records (e.g., public notice in paper) related to the comment period that started on June 3, 2016. Thanks.
